The Value of Mystery Shop
Address Challenges With Mystery Shopping

**Sales/Service**

- Develop, implement, enhance or evaluate corporate culture
- Differentiate from other financial institutions
- Measure consistency in service delivery
- Compare performance against peers and competitors

**Growth**

- Retention and/or growth of the customer base
- Increase in product/service penetration (cross-selling)
- Reduce lost fee income
Gain an Edge with Competitive Intelligence

Understanding the external business environment

● Minimizes decision risk and reduces uncertainty about external developments

● Benchmark other organizations
  ● Rates
  ● Processes
  ● Marketing activities

● Identify potential best service practices used by competitors

Mystery Shop Deliverables

**In house**

Analysis of current skillsets among designated employees

In-person branch evaluation and alternative delivery system feedback

Measurement of sales process improvement

Certificate of excellence for qualifying employees

+ Individual results available only to specific branch and staff member evaluated
Competitive Comparisons
Mystery Shop Deliverables

**Competition Shops**

- Account opening process, collateral received, onboarding process
- Merchant Services knowledge and referral process
- Marketing tactics to acquire new accounts
- SBA loan application process
- Customer experience
- Marketing of new/updated products

+ Individual results available only to specific branch and staff member evaluated
Implementation Process

1. Consult with financial institution
2. Complete Shopping (Baseline)
3. Review results and consult to identify gaps
4. Financial institution learning and development, process changes
5. Reassess with ongoing shopping

Ongoing Service Measurement
Sample financial institution’s overall score compared to four peer financial institutions

Evaluation forms with the same type of questions

Peers financial institutions chosen based on:

- $357M - $519M in assets
- 13 – 29 branches
Sample Competitive Comparison – Areas of Success

Sample leads in product knowledge, ability to establish credibility and direct consumers to the right products/services

Sample Competitive Comparison - Improvements

Employees introducing themselves helps establish a comfort level and build rapport.

Asking for and using consumers’ names will personalize conversations and provide reassurance their needs will be addressed.

Using open- and closed-ended questions will allow employees to present appropriate products specific to consumer needs.

Restating the advantages of doing business with financial institution aids employees greatly in closing the sale, leading to new accounts opened and applications filed.
