- e) We don't currently measure success of acquisition campaigns

The Current State of Banking

Business Trends: A Mix of Risk and Optimism

- Rising interest rates; Slowing organic growth
- Competition from traditional and non-traditional providers
- Experts predict 2-3 rate hikes this year
- Signification reduction in all mortgage activity
- Business lending is strong, as is competition from CDFIs and online lenders¹
- Big battles for growth and results

¹Small Business Credit Survey, 2018, [Federal Reserve Banks](#)

Technology Trends: Harnessing Data Is Key

- The “platformication” of financial services is taking hold*
- New consumers are using technology for their personal finances
- Harnessing data and technology to engage high-value households
- Emerging, powerful Gen Z market rely on financial institutions for financial advice
- Artificial Intelligence and machine learning help institutions meet expectations for personalization and relevancy

Meeting Industry Challenges

- FinTech's / technology are reshaping our industry
- Competition from PayPal[®], SoFi[®] and Amazon[®]¹
- Respond to push button, real-time expectations
- Focus on transparency in lending and innovative value propositions
- Emphasis on saving and preparing for the unexpected¹
- Adopt marketing to a segment of one strategy²
- Shifting consumer attitudes toward debt; rising rates³
- Change focus from product, features and rates to building consumer trust

The Power of Data-Driven Marketing

Build a Successful Acquisition Strategy

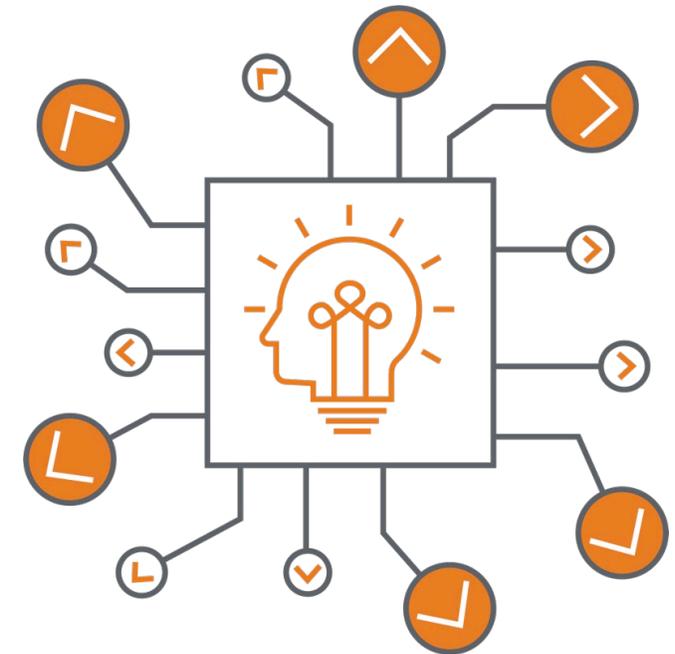

- Offer world-class customer experience
- View acquisition as a strategy, not a program
- Harness data to target high-value customers
- Promote loans across your entire portfolio
- Acquire new deposit accounts to quickly fund new loans
- Launch targeted household acquisition campaign that delivers sustained success

Target High-Value Households

- Align strategy with institutional goals
- Identify your most profitable customers
- Develop look-alike programs
- Pinpoint best-fit households
- Extend data-driven, personalized direct mail at saturation pricing
- Market the right offer, to the right person, at the right time

Feel the Power of Data-Driven Marketing

- Customer intelligence will be the most important predictor of revenue growth and profitability¹
- **49%** of marketers use data to enhance customer experience²
- **63%** of marketers have increased their spending on data-driven marketing³
- **20%** of marketing spend goes on data-driven advertising campaigns³
- **88%** of marketers use third-party data providers⁴

Location Data Is Changing How We Market

What is location data?

Information that a mobile device provides about its current position in space.

How is it useful?

- Provides unprecedented consumer insight
- Growing component of all business data
- Brings order to a complex data landscape
- Reveals data relationships affecting your bottom line
- Support propensity-to-purchase model

Are you taking full advantage of location-based data?

Best Practices for Acquiring High-Value Households

Best Practices

- Multichannel approach (digital display, social, email and direct mail)
- Household-level targeting based on smart data intelligence
- Advanced personalization techniques beyond variable data printing
- Always-on strategy for 24/7 consumer engagement
- Offer high-value incentives for new account openings

Proven Results

Gen XY Stands Out in Targeted Checking Acquisition

CHALLENGE

Regional financial institution with \$19B in assets wanted to boost core deposits and cross-sell technology-driven solutions

SOLUTION

Highly targeted, personalized self-mailer, along with a \$150 incentive to:

- prospects without an existing relationship
- customers

RESULTS

2,600

direct and
indirect accounts

\$38M

in new balance dollars
across deposit and loan
household products

334%

total ROMI

Many variables impact campaign success. The information on earnings or percentage increases shown are provided for demonstrative purposes only. Harland Clarke does not guarantee or warrant earnings or a particular level of success with a campaign.
