A checkbox that allows customers to keep track of checks deposited via mobile deposit capture and helps avoid unintended duplicate deposits of the same check.

Fraud Protection Standard With Every Check Order

White-glove dedicated assistance from certified fraud recovery specialists in the event of check fraud, checking account fraud or identity theft.

Beyond the Check: CheckArmor offers assistance for fraud committed through ATM or debit card usage, bill pay, tax fraud, medical fraud, and more.

Better Branding and Relevant Messaging

Your checking account is branded. So shouldn't your check package? Our innovative check delivery packaging doubles as a hard-working custom branding and cross-selling tool.
